

Motor Boat Registration

“How to”

All powered boats used on Windermere have to be registered with SLDC.

See

<http://www.lakedistrict.gov.uk/visiting/thingstodo/water/windemerereg>

The registration is managed by the Lake Wardens. The email address is:

windermere.registration@lakedistrict.gov.uk

Our coaching launch was registered when we first acquired it and given the registration number 87044. The number is displayed on both sides of the boat in large black and white numbers.

The renewal invoice is emailed to me in December each year and we pay the annual £15 fee by BACs.

We are then sent a sticker which has to be displayed on the boat.

If we ever dispose of the boat, we need to inform the Lake Wardens.

If we ever acquire another motor boat we need to register it.
